Montana Hunting Regulations

These regulations are adopted under the authority granted to the Fish, Wildlife & Parks Commission (FWPC) in MCA 87-1-301 and are valid March 1, 2007 through February 29, 2008. These regulations were adopted by the FWPC on February 13, 2007. The FWPC reserves the authority to amend the seasons, limits and regulations herein if deemed necessary for wildlife management purposes. M. Jeff Hagener, Director.

#### General Regulations

These regulations apply to all legally described spring male turkey hunting districts and areas.

**Hunter Education** – All persons born after January 1, 1985, are required to provide proof of completion of a Montana hunter safety and education course or an approved hunter safety course from any other state or province prior to applying for or purchasing a hunting license.

**Limit** – The total combined harvest limit of the spring and fall seasons cannot exceed two turkeys per hunter. For example, if you kill two turkeys during the spring season, you may not hunt turkey during the fall season. If a hunter harvests two turkeys during a single season (either Spring or Fall) at least one of them must be in Admin Reg 7.

Turkey hunters may use one of the following options to harvest a turkey during the spring season:

- harvest one male turkey in a general hunting area, or a special permit area or administrative Region 7; or
- harvest two male turkeys in administrative Region 7; or
- harvest one male turkey in a general hunting area or a special permit area and one male turkey in administrative Region 7.

**Means of Taking** – Wild Turkey may be taken with:

- a shotgun not larger than a ten guage
- a long, recurve or compound bow and arrow

The following methods or devices are prohibited in taking game birds and animals:

- The use of poisonous, explosive, or deleterious substances on or in any bullet, projectile or arrow is prohibited.
- The possession of firearms with silencers while afield is illegal.

Private Land Access – Montana law requires permission for all hunting on private land. Even if the land is not posted, hunters must have permission from the landowner, lessee, or their agent before hunting on private property. Landowners may grant permission face-to-face, over the phone, in writing, or by posting signs that explain the type of hunting allowed—game species or sex—and under what conditions. Visit FWP's website for the Interactive Hunt Planner or visit nris.mt.gov/qis for assistance with land ownership.

Railroad Access – Railroad right-of-ways are private property and may not be hunted without permission.

#### State School Trust Lands Recreational Use License -

- The \$10 fee of the past has been replaced by a \$2 addition to the
  conservation license, which allows hunters, anglers and trappers access
  to all legally accessible state school trust lands. Trappers will still need to
  secure a "Special State Lands Recreational Use License" from DNRC at no
  additional charge.
- Other recreational activities such as hiking and bird watching still require
  the \$10 fee. These activities cannot, by Federal statute, be covered by
  the conservation license. Such a diversion could jeopardize \$12 million in
  federal funds Montana receives annually for fish and wildlife management.

**Indian Reservations** – Hunters hunting on Indian reservations should check Indian reservation regulations because allowable species, season dates, shooting hours and/or bag limits may differ from state regulations.

**Checking Stations** – All hunters are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

**Tagging** – Immediately after harvesting a wild turkey, cut out the proper month and first and second digits of the day from the license and affix the license to the turkey so it remains secure and visible at all times.

**Evidence of Sex** – No person shall transport within the state any turkey taken during the spring turkey gobbler season unless one leg and foot are left naturally attached for evidence of sex. The leg and foot shall remain attached at all times while being transported from the place where taken until they have arrived at the permanent residence of the possessor.

**Wanton Waste** – It is illegal to waste any part of any game animal, game bird, or game fish suitable for food. Following are turkey parts suitable for food: breasts, thighs and wings.

# It is unlawful for anyone to hunt or attempt to hunt <u>any game animal or game bird</u>:

- from any self propelled (that is, motorized) or drawn vehicle:
- on, from, or across any public highway or the shoulder, berm, or barrow pit right-of-way of any public highway (the entire width between the boundary lines of every publicly maintained way when any part thereof is open to the use of the public for purposes of vehicular travel, MCA 61-1-202) in the state of Montana: or
- by the aid or with the use of any set gun, jacklight, spotlight or other artificial light, trap, snare, salt lick, or bait (MCA 87-3-101). (Baiting shall mean the placing, exposing, depositing, distributing, or scattering of corn, wheat, or other grain or food sources so as to constitute a lure or attraction. Nothing shall prohibit the taking of birds over standing crops or harvested cropland or grains scattered as a result of agricultural harvesting.)

**Recorded Animal or Bird Sounds** – It is unlawful to use any recorded or electrically amplified bird or animal calls, sounds or imitations of bird or animal calls or sounds to assist in the hunting, taking, killing or capturing of any wildlife except predatory animals (MCA 87-3-108).

**Two-way Communication** – Two-way communication may not be used to:

- Hunt game animals or upland game birds, migratory birds or furbearers as defined in MCA 87-2-101 (8) "Hunt" means to "pursue, shoot, wound, kill, chase, lure, possess or capture".
- Avoid game checking stations, FWP enforcement personnel, or to facilitate illegal activity.

**Hunting Hours** – One-half hour before sunrise to one-half hour after sunset. Complete sunrise/sunset tables as adopted by the Fish, Wildlife & Parks Commission are on the last page of these regulations.

# Annual Hunting & Harvest Survey We're counting on you!

Montana Fish, Wildlife & Parks conducts an annual telephone survey to gather hunting and harvest information from hunters. Telephone interviewers call mid-week evenings and weekends to speak to hunters one-on-one to get the most accurate information possible. Results from the statewide survey are used by wildlife managers to evaluate past hunting seasons and to set permit quotas, season dates and other regulations for future years.

#### **Defensive Turkey Hunting Tactics**

A safe turkey hunter, like a safe driver, is defensive minded. Below are some tips to consider.

- Select the largest stump, blow-down, tree-trunk, or rock to place your back against when calling; a hunter is more likely to spot another hunter moving to the front or side than from behind.
- Eliminate the colors white, red, black and blue from your hunting outfit; this
  includes handkerchiefs, socks, underwear, etc.
- Select your calling spot in open timber rather than thick brush; eliminating movement is a key to success, not concealment.
- In areas of high hunter concentrations, wear blaze orange when walking to and from your vehicle; this is also a good idea when carrying a bird out of the woods.
- · Be discreet when imitating the sound of a gobbling turkey.
- When songbirds, crows or your turkey shuts up--look out; there's a good chance another hunter is moving in on your bird.
- Never move, wave or make turkey sounds to alert another hunter of your presence; remain still, cough or holler.
